

CAS: Certified Apartment Supplier

March 2012

Complete your apartment supplier certification classes in just 3 or 4 days!

Earning your CAS designation has never been easier as you will now be able to complete all four courses of this prestigious certification during our Accelerated CAS!

CAS is a nationally recognized certification designed to increase your effectiveness by helping you better understand the challenges and needs of the clients you serve. To become a certified supplier you only need to complete 4 classes and pass a cumulative final exam.

- *Learn about the challenges facing your clients* – The more you understand about your clients, the better you will be able to tailor your products and services to meet their needs.
- *Show your commitment* – by becoming a certified supplier, you demonstrate to your clients your compassion for their jobs and industry and commitment to solving their problems
- *Networking* – you will actually take the same classes as property staff enrolled in the CAM program, so this is a great chance to network with potential clients
- *Share solutions and experiences* – as a supplier to many different owners and properties you will be able to share insight as to what others in the industry are doing

Schedule of classes:
March 7, 14, 21, 28
 9am-4:30pm each day

March 7
 Human Resource Management

March 14
 Risk Management

March 21
